

## Monterey Bay Whale Watch Safety Protocols

Monterey Bay Whale Watch will be taking extra precautions and following all CDC guidelines to protect both our passengers and crew. Here are the protocols we will be implementing:

- Sanitizing stations will be placed throughout all of our vessels and office area
- All passengers, boat crew, and office employees will be required to wear face coverings
- The crew will be wearing gloves when possible
- The crew is required to wash their hands frequently
- Loading will be executed by using space marks to allow for social distancing
- Vessel capacities have been limited to provide social distancing
- Passenger flow on vessels will be guided to avoid crowds
- Passengers must adhere to 6-foot social distancing protocols
- Restrooms and all other touchable surfaces will be sanitized frequently
- Indoor areas will be monitored to limit the amount of people
- The vessel will be cleaned and sanitized after each trip
